1964

Power boat *E. F. Travers* 80 feet long, 15 feet wide, 4 feet deep. Her last trip was from Secretary on the Choptank River to Nanticoke towing piledriver. William, Price and Howard left Secretary at 9 a.m. James Point 1:30 p.m. Fishing Creek Bridge 3 p.m. Nanticoke 8 p.m. She was tied up at our dock in Nanticoke Harbor all winter and spring. During the summer we removed her pilot house and the machinery and all equipment and on September 8, 1964 we towed her up to Wetipquin Creek where we put her on flats as she was no longer safe for the rough water of the Bay. She was built at Hoopers Island in 1910. Built by Walter Cannon for Capt. Frank Travers. We bought her in 1923 and used her for general freighting and oysters until 1934[.] From 1934 until 1963 we used her for towing our pile driver building aids to navigation for the U.S. Coast Guard in the 5th District from the Delaware Bay south to Wilmington N.C. She was light draft, easy to steer and very easy to handle. She made many trips up and down the bay through the inland water way to Albermarle Sound[,] Pamlico Sound and the Cape Fear River. She sailed in all kinds of weather and there was no loss of life in her 54 years of service.

1918: June, I sailed from New York on ship *Mongolia*. 8000 men on board had very good weather crossing. 14 ships in convoy. All crossed safely.

1918: February, ice everywhere this has been a very cold winter no water transportation at all. My father had oysters 600 bushels in boat *Curtis* frozen up in Ellis Bay. He shucked them for Parker Tull, Will Miles. Never got one cent for oysters or his trouble.

1918: March, Marvin Cox reported to Camp Meade for military service. Mr. Will Jester took his son Fred Jester, Roy Streat and myself to the 6 o'clock train on Monday morning. I could see a tear steal down his cheek as he took us there.

1919: June 3, Marvin E. Cox discharged from the United States Army at Camp Mills Long Island. I was discharged at 5 o'clock p.m. arrive in N.Y. City about 7 p.m. took nine o'clock train for Salisbury arrived 3:30 a.m.

June 4, came home to Nanticoke with Mr. and Mrs. H. James Messick arrived about noon

1919 Lafayette Dunns store burned February 3

1919 H. James Messick store burned March 18

I sailed from St. Nazzaire France May 14 on *Edward S Luckenbach* arrived New York May 28 after a very peaceful voyage. Benjamin Anderson of Bivalve was on same ship coming to the U.S.A.

1920 Bought boat *Maud* from my father and run oysters to Chas. Howeth & Emory Bird in Crisfield.

1921 Bought buggy *Agnes* from R. F. Walter hauled her up on shore at Quarter Landing had her rebuilt new engine installed and used her in oyster run to Crisfield. Sold *Maud* to Lewis of Saxis Island

1921 on Saturday night November 19 J.R. Travers store burned

1922 Saturday April 14, Travers & Collier were cleared at Denton of Pritchetts death

1923 Bought power boat *E. F. Travers* from Frank Travers at Cambridge, MD used her in oyster run and freighting in summer time.

February 1, 1923 Loran Whites Store burned Jesterville

1924 Running oysters to Crisfield to Chas Howeth, Paul Hickman, Capt Tub Sterling.

1925 Marvin Cox married Lois Bloxom of Bloxom Virginia planting oysters, selling oysters Cris.

1926 Marvin and Lois spent summer, fall, and winter in Washington D.C.

1927 Fall of oyster season running oysters to Crisfield in *E.F. Travers*

1928 Running oysters to Crisfield shell oyster very high \$1.00 to \$1.25 per bushel

1929 Running oysters to Crisfield oysters very high oysters selling very high. One day on Great Shoal I paid \$1.65 per bushel highest price any living man has ever seen.

1930 Running oysters to Crisfield built small shucking house at Ellis Bay shucked a few oysters during the winter. Oysters selling around 70 to 75 cents per bushel.

1931 Not doing anything running oysters to Crisfield and very little in oyster house shuck stock is very cheap oysters in shell 45 to 50 cent per bushel.

1931 November Franklin Delano Roosevelt elected President everything is very dull not any money to be made at anything stock market crash after crash and property worthless. Farm mortgages being foreclosed. People losing life savings over night. Lots of suicides. People are very much worried. President Hoovers and the slogan of the Republican party chiefs has been quite a failure. (A car in every garage and a chicken in every pot).

1931 November 20 Thanksgiving almost here and every thing dull, oysters bringing less than nothing most of the time there is no market. No one has any money.

1931 December, This is a distressing time oysters selling up to Lockerman's house in the Cove two bushels for a quarter . I hope we never see another season like this one we are having at the present time.

1932 March 4, Franklin Roosevelt inaugurated

1932 April 6, President Roosevelt closes every bank in the United States . Organizes the federal Depositors Insurance Corporation of which every bank can become a member which membership guarantees every deposit up to 5,000.00 each. This is one of the best guarantees of your funds that has ever been given to the public.

1932: March 6, Sunday morning raining wind South East fresh. I went aboard *E.F. Travers* laying to stake in Ellis Bay and dropped over anchor as we had just put this stake down and we had not had a heavy storm in which to test it. This white oak pile or stake was 30 feet long and about 12 inches at each end it was down in the bottom about 12 feet but end down and it stood the storm of 32 and august 33 too. We came home ate our own dinner and I noticed about 2 p.m. the tide was up in the marsh back of Gordon Harrington's house and at 4 p.m. the wind shifted to N.W. strong and by 4:30 was blowing a terrific gale. The canoes at Quarter Landing were parting lines or pulling up stakes and coming on shore just as fast as you could count them. By six o'clock every boat at Quarter Landing was on shore or sunk at stake. The wind was blowing such a gale Howard, William, George, Webster, John Wess Moore and I went to Ellis Bay the tide was awful high up in the oyster house floor. The *Josephine* was moored to the landing in Stacys Creek we got the engine started and went off to the Travers she had pulled chain over the top of the pile and dragged her anchor back over two hundred yards we started her engine and brought her in close under the shore it was blowing a gale and snowing some went aboard the *Edna and Alice* and put over another anchor we came ashore and came on up to Quarter Landing that was a sight to look at every boat either ashore or foundered at moorings.

Monday 7: I went to the river and what a sight to see three and four piled up on the top of each other or so completely rammed together so you could hardly tell one from the other. Fourteen boats were completely destroyed beyond any repairs. Herman Colliers, Wake Gales, John Whites, Mitchell Jones, Ben Wartis, David Turners canoes wrecked pretty bad. Ed Mose Barclay canoe hole through bottom. This was a very severe storm and much damage to boats all along the Eastern Shore.

1933: August 23, Seven a.m. wind S.E. Fresh and raining. *E.F. Travers* chained to mooring stake in Ellis Bay. I went down to Ellis Bay about 8 a.m. John Wess Moore had brought his boat around from Nanticoke side and put her in Back Landing Creek, Raymond Moore brought *Anna Belle* around also and put her in the creek we all came up out of the marsh and went home. The wind increased rapidly and the tide came in swiftly and William, my father and myself, went to look to Ellis Bay it was blowing a gale the tide was waist deep over the marsh we expected every minute to see the Travers break loose and come up in the marsh. About 2 p.m. the oyster house and the wharf began to wash away.

Captain Robert Walter's canoe pulled her stakes up and up in the marsh she went. The *Agnes* laying in Stacys Creek was pretty hard to keep off the bank. About 5 p.m. we came up from Ellis Bay the wind had hauled to the South and

conditions there improved. I went to W.F. Evans the tide was almost up to the front porch and Ed Ford's canoe *Hope* was up in the yard. Caldwell's sail yacht was just above the house on the stone pile several boats from Deals Island had come up to Roaring Point. Tangier Island, Smith Island, Hoopers island, Crisfield were all under water. Grave vaults were floating around just like boats. Crab house, oyster houses, bridge wharves and piers were destroyed. Howards boat *Edna and Alice* went on Hoopers Island after parting her chains in Todds Cove. This has been the highest tide anyone can remember. It came across the State road here just below Albrights store. Up to Doody's store on Main Street in Salisbury.

1934: January, 26 Mr. Bill Travers Sr., Mr. Wilbur Turner, Mr. George L. Messick, Mr. Harold Kennerely, Ned Travers, Vaughn Williams, Howard Cox, Gordon Harrington, William Cox, Robert F. Walter, Marvin E. Cox, Levin Walter met at the home of Levin Walter to discuss proposition for a boat harbor at Nanticoke. Methods regarding the procedure to be followed were discussed w[h]ether to organize or proceed with the twelve present. It was finally decided to work through a small group so as to limit controversy and waste of time. Marvin Cox wanted to form organization and work through same. Levin was appointed to go to Deals Island to get information as to methods used by them in getting their harbor.

1934 February: Meeting was held at school house Mr. Levin Walter was named chairman and with four others was told to see Congressman Goldsborough regarding getting a survey. The community was well represented at this meeting and enthusiasm is at a high pick everyone seems to want a harbor for use of our boats.

1935 February 8, Meeting was called to order by L.L. Walter records of last meeting read. Date and statistics presented and discussed. Questions was asked why proposition had not been presented as committee of five had been chosen at last meeting to wait on Congressman Goldsborough. Some discussion followed. Motion was made and seconded that new committee be appointed as some of old committee was not here after being notified of tonight's meeting.

1935 February 20, A meeting was called at the Old Fellow Hall[s] (Nanticoke) by the Willing Workers Organization Harry Barclay chairman, Andrew Evans Secretary to vote on location of project. Those present were told to select any one of

four sites along the Nanticoke River. Waterview, Coxes Pond just below Roaring Point, Quarter Landing, or Winsor Creek. The advantages and disadvantages of each place and progress regarding acquiring each place was explained by Marvin Cox. Vote was by stroll ballot 139 for Quarter Landing. It was asked by Harry Barclay if they wanted to also vote by standing which they did everyone in the building stood. The men decided to dig a big ditch or canal in order to start work the next morning 100 men came down with shovels and hoes and spades worked until about 4 p.m. dug canal 20 feet wide 125 yards long. Committee of Andrew Evans and two others were appointed to be present and represent vote of Willing Workers at the meeting of the Nanticoke people Feb 23, Chester Nutter gave benediction.

Several times Marvin E. Cox has met congressman Goldsborough and discussed the harbor project. Mr. Goldsborough says he will ask for War Department survey any time. We want him to but, advised us to ask through the W. P. A. as the local boards in each county were going to spend some money and we could provide local employment and get results much sooner that is why we had survey by Kelly in June.

1935 Saturday night meeting was called to order by L. L. Walters minutes of last meeting was read by acting secretary Marvin Cox. Mr. Walter made a few remarks and asked Mr. William Travers secretary of the organization to preside. Mr. Travers discussed the necessity of a harbor and told of the hardships and damage suffered by the watermen along the river front. He also stressed the point that each community get together and decide on one location that would be beneficial to all. The merit of each place were asked to be fully explained.

Ballots were given to all who cared to vote. Capt. Will said that he had asked Mr. Goldsborough for survey for Jones Creek Waterview he did not care to vote. The count was as follows Nanticoke 184, Jesterville 29, Bivalve 1. Senator O. Straughn Lloyd made talk he said with so much enthusiasm shown by such a large number present and especially since the Nanticoke organization had worked so hard in preparation for this project he was reasonably sure a harbor could be gotten along the Nanticoke River. Mr. P. Elliot Burroughs then read letter indorsed by Wicomico County delegates asking Congressman Goldsborough to render all possible assistance to these people in helping them to get action on this project by the War Department.

Mr. Frank Mitchell and Mr. David Dallas representing the chamber of commerce of Salisbury approved the project and promised us their support. Lieutenant Brady J. Dayton gave short talk and told all present the board of relief our projects had recommended that \$40,000.00 dollars be set aside to construct a harbor along the Nanticoke River.

Meeting was adjourned at 10:30 p.m. Benediction by Rev. J. P. Landon

Mr. Travers talked regarding progress and decisions made by Division Engineers that the site at Nanticoke to construct harbor upon was most centrally located and would be of service to the largest number of people. He also said that the people of Waterview were taking an appeal to decision by Engineers and would appear at Washington April 13.

He said the Department had selected the Nanticoke site and if their decision met with the approval of the Nanticoke watermen they should by all means be present and state the same to Chief of Engineers a permanent body sitting at Washington D.C. to pass on final decisions on harbor and rivers this hearing on appeal granted Waterview April 13. Mr.

Hubner was present and joined the Association. The secretary reported that all expense of conducting business of the association had been paid and we were clear of all debt. About 30 present stated they would go to Washington. D.C. on April 13. Meeting was adjourned 10. p.m.

1937 April 4, Meeting of Willing Workers of Nanticoke was held at the Masonic Hall. Harry Barclay chairman presided. Meeting opened with song and prayer. The chairman then explained purpose of meeting. Motion was passed that they send a committee to Washington on April 13, to represent the wishes of the people. A committee of five Morris Nutter, spokesman, Thomas Bankings, Wake Gale, Joseph Elsey and Rev. Anderson were selected and instructed to thank the board of Engineers for selecting Nanticoke as the proper place to build boat harbor also to express satisfaction regarding location, depth size and especially request an early completion of the project. The Willings asked guarantee of \$2000.00 against any damage to their property. The opinion of most present expressed was that with such a high guarantee and so little cooperation from those who would benefit meeting closed with little progress.

1951 July 8, Nothing farther accomplished regarding dredging the Nanticoke boat harbor. The oyster season of 1951 has been a very profitable season.

1952 Travers Willing hired crane and dredged sand bar from in front of his oyster house. This is an improvement to the harbor. Travers Willing having extension to bulkhead put in this will prevent sand from piling in the harbor work done by Cox.

1952 October Marvin and William Cox purchased Wicomico oyster ground from Mr. John T. Handy of Crisfield, MD. This has always been a choice piece of ground for growing large fat oysters. The first two years we planted seventy five thousand bushels of oyster shells on 43 acres followed by seed stock from Smith Creek and St. Mary in the Potomac also seed from James River Va. a profitable piece of oyster bottom.

January 1953 Andrew Evans came to my home today with a petition signed by several people. The following conservation Capt. Marvin I being a leader out in town with my people. They expect me to take the lead in getting things for them I get their votes they asked me to come and see you if you would be willing to move your boat so that the County could build 100 feet of County dock where direct poles could be erected for landing oyster or any other cargoes. My reply I asked him to tell me what I was going to do with my boat he said I could move father down the dock or tie

them up alongside of each other. I told him I could not agree to moving his. I also asked him if he would be willing to move his boat for a County wharf and his reply was no.

1953 March 24, Tuesday Delegation from Nanticoke appeared before County Commissioners requesting county dock and N. side of harbor be bulk headed from Harry Bradleys line to E. corner of harbor and county road leading to same, Levin L. Walter was spokesman for the group. He said Marvin Cox was monopolizing the N. side of harbor that he charged people for use of privilege of landing oysters there that boats were cut adrift. The delegation did not notify either William, Howard, or Marvin Cox of this meeting with the Commissioners.

1953 April 7, Marvin, Howard, and William Cox voluntarily appeared before the County Commissioners and told them they had no objection to the N. side of the harbor being bulk headed provided the Commissioners wished to do so. They told the Com it would save the Coxes quite a sum of money if the County would do this bulk heading. A permit was presented to the Com. issued to Marvin Cox dated Oct. 6, 42 covering this work. Although the present road and bulk head was built by Cox Bros at their own expense and they have kept their boats at this side of the harbor from the completion of the harbor up to and including the present time, they offered to move their boat so a County Wharf could be built any time the Com. felt they had any funds to spend on the West side of the County. The Com. gave me back my permit and thanked me for the generous offer I had made and told me they would let me know when and if they decided to proceed with this improvement.

1954 January County Commissioner asked Cox Brothers to build 150 feet of dock in Nanticoke harbor 50 feet on E. side 100 feet of N. side furnishing all materials treated regular state requirement for the sum of \$6000.00

March 2 Material arrived and work started. Check for 3000.00 received use payment for materials received for 150 feet of dock

June 15 All work completed on 150 feet of dock for the County Commissioners. Remaining side of N. end of the harbor to be completed at expense of Cox Bros. part of treated material had arrived for this work and all piles are in place.

August 1954 Remaining N. end of harbor completed. The 150 feet of dock built for use of public which was provided for use of loading and unloading a sign put there by County Commissioners was paid very little attention. Every time anyone

needed to load and unload anything had to move someone's boat who had tied up there and gone home. When you improve a part of the harbor someone who has not done anything towards the improving things were first to benefit.
